Nylon MSA

Monofilament for spearguns, reels and floats

Read carefully before use and keep this manual.

THE PRODUCT

Spearfishing monofilament with slightly more stretch than standard lines. Longer lasting, suitable for both small fish and large game thanks to its high breaking loads. Pair it with MSA sleeves to get the most out of the rig's breaking load.

FEATURES

- Uses: speargun shooting line for an optimised shot, filling reels, float or marker-buoy line (first 5-10 metres, to reduce friction)

VERSIONS AND SIZES

- Standard 40 m, 1.2 mm diameter: breaking load 49 kg
- Standard 40 m, 1.4 mm diameter: breaking load 68 kg
- Standard 40 m, 1.6 mm diameter: breaking load 86 kg
- Pro 100 m, 1.2 mm diameter: breaking load 56.5 kg

SAFETY WARNINGS

- Speargun accessory. In Italy the use of spearguns is prohibited for persons under 16 (Law 963/1965). Always follow the fishing rules in force where you fish.
- Load the speargun only in the water and unload it before getting out; out of the water always keep the tip covered.
- Never point a loaded speargun at people, not even in play.
- The breaking loads given refer to new line: knots, wear and rigging reduce them.
- Before every use check the line and replace it if it is worn or deformed.

HOW TO USE

1. Choose the diameter for your gun and your target fish: thicker lines take higher loads but slow the shaft more.

2. Make the terminations with sleeves (crimps) and a suitable crimping tool: a knot reduces the line's breaking load.
3. Unwind the line from the spool without twisting it: twisted coils turn into tangles and weak points.

CARE AND STORAGE

- Rinse in fresh water after use and store out of the sun.
- Replace the line if it is crushed, kinked, cloudy or scored by rocks: those are the points where it breaks.

DISPOSAL

Never leave the product in the environment, at sea or on the beach. At the end of its life, dispose of it according to your local waste collection rules.

WARRANTY AND SUPPORT

This product is covered by the 2-year legal guarantee of conformity from delivery, under EU consumer law.

The guarantee does not cover normal wear, damage caused by misuse, incorrect care or modifications to the product.

For support write to info@msaliving.com with your order number and a photo of the problem.
